## HIPRO ATF D-IIIH

High Performance Automatic Transmission Fluid

### PRODUCT FEATURES

**HIPRO ATF D-III** is a new generation of premium quality transmission fluid primarily intended for use in power transmission and hydraulic system of passenger car and truck automatic transmissions, power shift transmissions in off-highway construction equipment, power steering and other hydraulic systems requiring Dexron-III or Allison C-4 fluids. It is blended from high viscosity index mineral oils and advanced additives system to meet the stringent requirements of leading automotive transmission manufacturers.

### APPLICATIONS

Recommended for use in all automatic transmissions, power steering and other hydraulic systems requiring Dexron III or Allison C-4 type fluids. Suitable for use in hydrostatic drives and industrial, agricultural, mining and marine hydraulics systems.

### SPECIAL PROPERTIES

- ◆ Superior oxidation stability – resist chemical deterioration over long service life.
- ◆ High viscosity index – suitable for year round service.
- ◆ Good lubricating characteristics- gives quiet operation, smooth shifting, and excellent wear protection prolong transmission life.
- ◆ Contains anti-corrosion, anti-wear and anti-foam properties.
- ◆ Improved cleanliness of transmission system.
- ◆ Superior high temperature performance.

### PERFORMANCE LEVELS

- ◆ Dexron III
- ◆ Allison C4
- ◆ Ford Mercon

### TYPICAL SPECIFICATION

PROPERTY	UNIT	TEST METHOD	ATF DIIIH/M SPECIFICATIONS
Density at 15 deg C	Kg/l	ASTM D4052	0.8550
Viscosity at 100 deg C	cSt	ASTM D445	6.0 – 8.0
Viscosity Index		ASTM D 2270	165
Flash Point COC	deg C	ASTM D 92	220
Pour Point	mgKOH/g	ASTM D 97	-36
Colour		VISUAL	Red

*\* The above specifications are typical of current production, variation in these characteristics may occur, but will not affect the product performance.*

**CAUTION:** Continuous contact with used oil has caused skin cancer in lab animals. Avoid prolonged skin contact. Avoid eye contact. Wash skin thoroughly with soap and water after handling. Flush eyes with water for 15 minutes in case of contact. If swallowed, do not induce vomiting. Contact a physician immediately. **KEEP OUT OF REACH OF CHILDREN.**
